

# POWER TRANSMISSION REPORT

## LAXMI MACHINE WORKS( LMW ), INDIA'S LARGEST TEXTILE OEM SPINNING MACHINE DRIVE TIMING BELTS, FLAT TANGENTIAL BELTS & CONVEYOR BELTS

### Better Performance-Flat Belts & Conveyors

Not only did we **replace the imported original high-cost belts** from competitors with cost effective belts but also gave further improved performance. Whenever needed we also visited the textile mills to ensure accurate operations. Continuous interaction has always been our guideline

### New Spinning Machines -Drive Designs

Chiorino conveyor & tangential belts alternatives with same performance. Also, Chiorino tangential belts replaced original fitted belts for much better performance and about 50% more life. Toothed belt drives were given meeting international standards with 8MR belts.
